

Can you help Dylan's friend find his way to where Dylan is waiting with his new home?

Before Dylan's friend can find his new home, Springer Rescue for Scotland need to take very good care of him.

We take him to the vets to make sure that he healthy. We look after him for a few weeks (sometimes longer) to make sure he is happy and sociable. We groom him to make him comfortable and smart! We take him for lots of walks and we play with him.
